

## SITUATION ANALYSIS

Foundation for every career plan

**You want to get the clarity of your potential and your market opportunities.**

A Situation Analysis is advisable when responsibilities and performance are no longer in harmony, when the potential is not optimally utilized, perspectives are missing or a personal crisis is taking place.

### Program content and goals

- Analysis of the professional situation
- Professional potential analysis/assessment
- Occupation and Career Consulting
- Occupation and career goals
- Consultation with two consultants
